**Glow Maple Ridge Launches with Unveiling of the New Rain Enlightens Hummingbird Illumination**

**Maple Ridge, BC:** Maple Ridge residents are invited to kick off the holiday season with the GLOW launch event on Saturday, Nov. 26 from 4:00 to 8:00 p.m. This free event will feature drumming and singing as part of the unveiling of a stunning light display created by Katzie First Nation artist, Rain Pierre.

'Rain Enlightens Hummingbird Illumination' will be mounted off of the balcony of the Business Centre tower facing into Memorial Peace Park and join the dazzling light features in Memorial Peace Park.

"The inspiration behind the project was to bridge a connection between my Katzie ancestry, our youth and the land that we all share," said Katzie artist Rain Pierre. I had the opportunity to work with area youth that were part of the eco-tourism program and a walk we all did in a local park. That connection with youth made my heart sing and inspired me. The youth illustrated the native plants that we found on that walk and I've incorporated their illustrations into the bellies of the hummingbirds that are part of the illumination,"

Rain Pierre, and members of the Katzie First Nation, will officiate the unveiling and there will also be other entertainment and events for the evening.

"I chose a hummingbird because I have a connection with them and their unique attributes, explains Pierre. "They are the only bird that can fly backwards and that ability fascinates me. I'm very excited to be part of this project and this is a very unique opportunity to reach out as part of the reconciliation work happening in the community. I look forward to sharing the story how my design went from an illustration on my iPad to a completed sculpture."

**Launch Event Features:**

- Live entertainment (music & performers)
- Mini Donut Food Truck
- Children's crafts & activities
- Storefront decorations/displays
