

PUBLIC NOTICE

CLEANING WATERMAINS

The City of Maple Ridge Operations Department will be commencing our annual watermain flushing/cleaning program beginning October 15, 2018 for approximately eleven (11) weeks.

Locations to note:

Routine flushing: 232 Street working east to 240 Street between River Road and 136 Avenue

This maintenance work will improve water quality; however, during this cleaning process some residents could experience water pressure drops and milky or dirty water.

Please take the following steps to correct the problem:

- **MILKY WATER:** Open tap slightly to bleed air from the water lines.
- **DIRTY WATER:** Turn an outside tap on until the water becomes clear.

This temporary interruption in service will be as brief as possible. Your understanding and cooperation is appreciated.

If you have any questions or concerns please call the Operations Centre at 604-463-9581.
