

Deep Roots
Greater Heights

Maple Ridge residents are proud of the community's rural character, small-town feel and access to the best outdoor recreation in the lower mainland. Maple Ridge employees value their co-workers, the variety in their work, and the organization's positive culture and work environment. The convergence of great community and great co-operation make the District of Maple Ridge one of the most attractive places to work in our province.

Mapping & Graphics Technician

Drawing on your considerable knowledge of mapping and graphic presentation methods and techniques related to municipal planning functions, you will prepare and maintain the Planning Department's mapping using GIS. This entails performing custom mapping and graphic design duties, interpreting planning concepts, researching, analyzing and maintaining spatial and non-spatial information, and assisting in the integration of databases into GIS format. Additionally, you will produce presentation material such as brochures, signs, newsletters, web graphics and information displays.

This role calls for an individual skilled in the use of graphics workstations and related computer equipment, and conversant with computer-assisted mapping and drafting techniques and procedures, as well as applicable programming methods and principles. Your relevant experience is backed by a diploma in Engineering, Survey Technology, Geography or a related discipline. As a result, you are able to research, compile, enter, analyze and assemble spatial and associated non-spatial data using an automated mapping system. A valid driver's licence is also required.
