Traditional Rug Hooking

Age: 16 yrs and up

Learn the art of 'Traditional Rug Hooking'. Traditional hooking uses a hand hook, similar in shape to a crochet hook, to form a looped pile from fabric strips or yarn on an even-weave base such as burlap, monks-cloth, divider cloth, or linen. This technique dates back to the 19th century in the North American colonies, providing warm floor coverings for the bare floors of pioneer homes. Contemporary rug hookers of today are creating rugs, chair seats; wall hangings, handbags, clothing, trivets, and ornaments are limited only by their imaginations. Lessons also include complete package of supplies and tools for a 12'x12' project. Lessons also include techniques for wool cutting, preparation, transferring patterns, hooking finishing and introduction to dye techniques.
