## MID MONTH APRIL 2019

### ENGAGED: Moving Maple Ridge Forward

#### Online Survey Available For Lougheed Transit Corridor Study

The new B-Line Rapid Bus service will create new opportunities for residential and commercial development on our key Lougheed and Dewdney Trunk Road corridors. The Lougheed Transit Corridor (LTC) Study is your opportunity to help shape the future development of our community.

We'd like to thank everyone who took the time to come out to view the displays and share their comments and ideas around the development of this key corridor in our community. We would like to encourage those of you who could not join us to take advantage of the online resources at [lougheedstudy.mapleridge.ca](http://lougheedstudy.mapleridge.ca). This is the digital hub for this community conversation. Please take a moment to learn more about this work and share your feedback as part of the online survey. We look forward to hearing your voice in this important community conversation.

### ENGAGED: North East Albion

#### Land use and Servicing Concept Planning Process Underway

The City of Maple Ridge is beginning a planning process that will look at how we want to live, work, play, and ultimately grow, into the North East Albion Area. This process is intended to explore land use and servicing options for the area, noting that the Albion Area Plan had always envisioned that further study of the area was needed at the time when redevelopment begins to occur in this area.

Want To Stay In Touch? Updates on the North East Albion Land Use and Servicing Concept Planning Process (NE Albion Concept Planning Process) will be provided online as well as via email. If you wish to be included on the NE Albion Concept Planning Process Update E-Newsletter, please send us an email at [northeastalbion@mapleridge.ca](mailto:northeastalbion@mapleridge.ca).
