

This bulletin is being provided to clarify the requirements around obtaining Provisional or Final Occupancy Permits on **Commercial, Industrial or Institutional Projects**.

1. For Provisional Occupancy we require:

- A sealed letter from the CRP/Architect outlining all the deficiencies that are still to be completed,
- Either a complete schedule C-B package or written verification from the CRP that the has confirmed all other disciplines are okay with the units being occupied,
 - If C-Bs are provided they cannot contain any annotations but must be a clean C-B. If annotations are necessary then a C-B is not ready to be issued.
- A time line when all the deficiencies will be completed,
- All other permits (plumbing, electrical, gas, sprinkler, etc.) are to be finalized or authorization to occupy noted on the final inspection notices,
- Fire department approval and construction fire safety plan in place,
- Active fire hydrants within 90 metres of the entrance to the most distant unit,
- Works and service completed to the point that authorization to connect to the mains (sanitary, storm & water) has been issued by the engineering department,
- An approximate dollar value on the work still outstanding to determine size of security,
- Security deposit has been received for the outstanding works,
- The permit fee per permit charge - for the provisional occupancy permit - has been paid.

2. For full Occupancy Permit on the development:

- A complete schedule C-B package is to be submitted with no annotations,
- Schedule L-3 (landscape). Should the weather not permit installation of landscaping then only a provisional occupancy permit will be issued per item 1 above,
- All permits are to be finalized,
- Final approval from any additional 3rd party permits,
- Fire department approval,
- All on and off site fire hydrants are to be commissioned,
- Works and service completed and final sign off issued by the engineering department, and
- The final lift of asphalt has been installed. Should the weather not permit installation of the final lift then only a provisional occupancy permit will be issued perm item 1 above.

The following is an excerpt from the City's Building Bylaw No. 6925-2012:

Provisional Occupancy Permit

23.6 The **Chief Building Official** may issue an occupancy permit for part of a **Building** or **Structure** when that part of the **Building** or **Structure** is self-contained, provided with essential services and meets requirements set out in section 23.2 of this bylaw. Upon the written request of the holder of a **Building Permit** or the **owner** of a **Building** for which a **Building Permit** has been issued, and on payment of fees required as per Schedules A, D, E and F the **Chief Building Official** may issue a provisional occupancy **Permit** where such provisional occupancy will not jeopardize the health or safety of the occupants of the **Building**. Planning and Engineering department approvals are necessary prior to the granting of the provisional occupancy **Permit**.

No Provisional Occupancy **Permit** may be issued unless:

23.6.1 The exterior finishes of the **Building** are substantially complete;

23.6.2 A permanent address pursuant to Maple Ridge House Numbering Bylaw has been assigned and posted on the **Building**;

23.6.3 It sets out the date of expiry of the Provisional Occupancy Permit; and

23.6.4 Where **Registered Professionals** are engaged in the inspection process a certified statement from them that the provisional occupancy applied for will not jeopardize the health or safety of occupants of the **Building**.

23.7 The **Chief Building Official** may require as a condition of issuance of a Provisional Occupancy **Permit** that the **owner** provide security equal to the value of part or all of outstanding **Construction** required to complete the **Building**.
