

Beach Volleyball Courts

PROJECT LOCATION 23778 104 Ave, Maple Ridge, BC V2W 1B8

Proposed Location – Community Consultation

With support from BC Summer Games legacy funds and the Government of Canada Gas Tax Fund/Canada Community Works Building Funding, the City of Maple Ridge built its first public beach volleyball facility.

Albion Sport Complex was selected from three potential locations: Maple Ridge Park, Whonnock Lake Park, and Albion Sports Complex. Citizens were asked to review the [information panel](#) for these proposed locations and to then share their thoughts by completing a Public Comment Form by August 14, 2022. Sixty-One percent (61%) of respondents selected Albion Sports Complex as their top choice for the beach volleyball courts.

Final Plan

With further input from key stakeholders, a final plan for the new beach volleyball courts at Albion Sports Complex was developed.

Under Construction – Spring/Summer 2023

Construction of the 4-court beach volleyball facility at the Albion Sports Complex began in spring 2023.

Efforts were made to minimize disruption to surrounding activities, including temporary fencing around the project site and accommodations for events. Throughout this construction process, special attention was given to finding competition grade sand to fill the courts.

Open for Drop-In - August 2023

The four new beach volleyball courts at Albion Sports Complex opened for drop in use! A grand opening event was held in September to celebrate this new competition venue for the BC Summer games in July 2024.
