

Free transportation workshop for grades 6, 7, 8 & 9

Understanding smart travel options is a great way for kids to create a lifetime appreciation of the importance of transportation choices to their health, safety and the environment.

This 1.5 hour transportation workshop is for grade 6, 7, 8 and 9 students to learn practical tips such as how they can plan transit trips using web-based tools, as well as concepts regarding the importance of sustainable transportation options like cycling, walking, carpooling and transit.

Topics include:

- Tips for taking transit on your own
- Safety and security
- A fun 5-minute video discussing transit etiquette and sustainable transportation
- TravelSmart game, with prizes including free transit tickets

To Book a Workshop:

Please email info@travelsmart.ca
or call **778.375.7790**

This interactive workshop is sponsored by TransLink and is fully funded so there no cost to participating schools.
