Dear: Maple Ridge Property Owner,

Re: Superior Tanker Shuttle Service

It is my pleasure to notify you that the residential property you own **may** be in an area designated as protected by “Superior Tanker Shuttle Service”.

The Maple Ridge Fire Department has worked in conjunction with the Fire Underwriters Survey to obtain this designation in qualifying areas of the City of Maple Ridge response area. It demonstrates our ability to get water to the site of a fire in our rural areas, an important component for the protection of your neighbourhood.

As the residential property owner, you can now contact your insurance provider to discuss any benefits you may qualify for on your premium on the fire portion of your residential policy.

If you have any further questions regarding this designation, please contact the Maple Ridge Fire Department at 604-463-5880.

Regards,

Dave Samson
Fire Chief
