

This guide is to provide assistance when using Building Department eServices available on the City of Maple Ridge website: <https://www.mapleridge.ca/>.

Click eServices at the top right of every webpage as pictured, to access all online services:

TRADES PERMIT APPLICATIONS:

Plumbing, electrical, gas and sprinkler permits that do not require drawings as part of the application may be sent to permitapplications@mapleridge.ca for processing.

(Additional documents such as Heat Loss Calculations, Hydronic Calculations or other documentation, where the file size is less than 10MB total, can be submitted along with the trades permit application.)

Once the permit has been processed, you will receive an email with the information necessary to pay the permit fee online. Please ensure the email address provided on the application form is for the person authorized to complete online permit fee payments.

NOTE: There is a maximum limit of \$6000 per credit card transaction.

PERMIT FEE PAYMENTS ONLINE:

When the permit is ready for payment, you will receive an email that contains the Permit Number, Bill Number and a link to the payment website. Upon clicking the link, a payment page will appear as pictured below.

Enter the permit number (with dash), bill number, email address, answer the skill testing question and click 'Submit'.

VERIFYING INSPECTION TIMES AND FUTURE DATED INSPECTIONS:

On the day of inspection, the booking system will specify if the inspection is scheduled for the morning (AM) or the afternoon (PM) and will include which inspector will attend.

To confirm your inspection information, under eServices, click 'View Daily Inspections Schedule' link or click the following link: <https://www2.mapleridge.ca/multidayschedule/home/dailyscheduleh>

NOTE:

The system allows you to sort inspections based on inspection type (i.e. plumbing, electrical, building, etc.).

For future dated inspection bookings, to confirm the inspection has been scheduled, select a date in the 'Select Date' field to view.

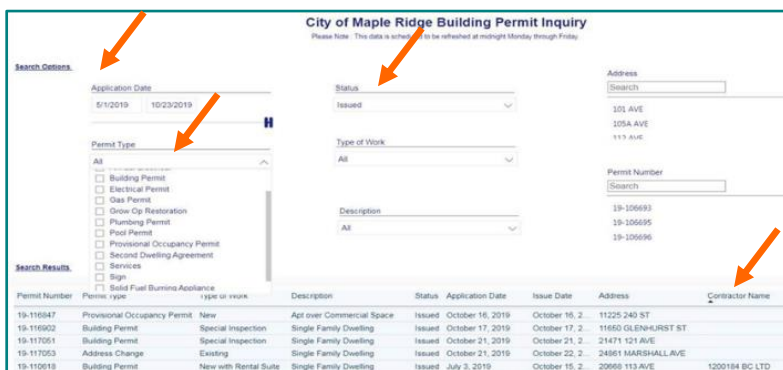

***Inspectors will make every attempt to accommodate requests for AM or PM inspection timeframes however, we are unable to guarantee these timeframes due to length or complexity of other inspections or other unforeseen challenges.**

FINDING A PERMIT NUMBER:

To find a permit number, under eServices, click 'Building Permit Inquiry' or click the following link:

<https://www1.mapleridge.ca/activitymaps/apps/biPermitInquiry.html>

Adjust the 'Application Date' slide bar to narrow your search to applicable year in which permit was issued. Select a 'Permit Type' and under 'Status', select 'Issued or 'Issued' and 'Final'. All related permits will populate at bottom of screen. Click on 'Contractor Name' to sort contractors alphabetically and scroll down to applicable contractor.

*For final inspection results, you can access this page next business day following an inspection. Select 'Final' under 'Permit Type'. This is a useful tool to assist in keeping track of multiple permits or searching permit information and results from previous years.
