This guide was prepared to assist with a Detached Garden Suite (DGS) permit application. DGS is part of the City's initiative to diversify housing options for Maple Ridge residents.

The City's Zoning Bylaw defines a DGS as a residential use within a self-contained dwelling unit, accessory to, subordinate and detached (no structural connection) from a principal residential dwelling use.

The information described below identifies the minimum criteria before a DGS is designed and constructed in Maple Ridge. Additional requirements may apply.

# **Zoning Bylaw**

- 1. One or two DGS Residential Use allowed per residential or agricultural zoned lots, where there exists a Single Detached Residential Use or Urban Infill Residential Use
  - Only one DGS Residential Use is allowed on lots within the <u>Agricultural Land Reserve (ALR)</u>, in compliance with the <u>Agricultural Land Commission (ALC) Act</u> and its regulations and the <u>Farm Home Plate</u> requirements. Approval from the <u>Agricultural Land Commission (ALC)</u> may be required prior to applying for a building permit
- 2. Shall be located within the rear yard of a Principal Detached Residential Use
- 3. Shall be limited to one storey
- 4. Shall not have a basement
- Shall not be strata-titled or subdivided
- 6. On lots with a lot area greater than or equal to 0.4 hectares, may be located within a Manufactured Home installed on permanent foundation
- 7. Please refer to the Zoning Bylaw, <u>Section 402.11</u> for permitted uses and regulations, including siting, height, setbacks, unobstructed pathway, and private outdoor area, etc.
- 8. Shall have a gross floor area of not more than 140 m<sup>2</sup> or 15% of the lot area, whichever is less, except for lots within the <u>Agricultural Land Reserve (ALR)</u> and that are subject to the <u>Agricultural Land Commission (ALC) Act</u> and its regulations, where the gross floor area shall not be more than 90 m<sup>2</sup> or 15% of the lot area, whichever is less

Phone: 604-467-7311 Email: BuildingInquiries@MapleRidge.ca or Planning@MapleRidge.ca

- 9. DGS construction is not permitted on lots within a floodplain area unless it is above the minimum flood construction level (FCL), as determined by a Geotechnical Engineer
- 10. DGS construction is not permitted where there is an agricultural employee residential, boarding, caretaker residential or tourist accommodation use on the same lot
- 11. One parking space dedicated exclusively to the DGS residents, as regulated under the Off-Street

  Parking and Loading Bylaw. It must not be tandem and must have unobstructed access and egress at all times

# **Servicing**

- 12. For lots not connected to the municipal sanitary sewer system, Septic Filing obtained from <u>Fraser</u>

  <u>Health Authority</u> is required as part of the building permit application
- 13. For lots not connected to the municipal water system, verification from a professional engineer or certified professional confirming adequate water quantity and potability is required as part of the building permit application

#### **Permits**

- 14. Building permit requirements can be found online at <u>Building Applications</u>, Forms & Documents
- 15. Electrical, sprinkler, plumbing and gas permits must be obtained by certified contractors licensed to work in Maple Ridge, after building permit issuance

#### **Fees**

- 16. Required fees for any necessary works and services upgrades to the property are to be paid to the City's Engineering Department. A fee may be payable for an evaluation or estimate for upgrading or connecting to City services. Contact the Engineering Department at <a href="mailto:Engineering@MapleRidge.ca">Engineering@MapleRidge.ca</a> to determine what may be required
- 17. Permit fees follow the applicable fees for single detached dwellings
- 18. Annual utility charges on the property are adjusted as follows:
  - a. Sewer charges are doubled (not applicable for properties on septic system)

11995 Haney Place, Maple Ridge, BC V2X 6A9
Phone: 604-467-7311 Email: BuildingInquiries@MapleRidge.ca or Planning@MapleRidge.ca

b. Water charges are increased by 1.5 the flat rate (not applicable for properties connected to metered water or properties on private wells)

## Legal

19. "No Suite" covenant, if registered on title, must be released through a notary or lawyer

### **Other Requirements**

- 20. Should the property owner not reside on the property, a Business License and "Good Neighbour Agreement" must be obtained from the City's Bylaw, Licensing & Community Safety Department
- 21. Construction must comply with the current BC Building Code regulations for a one residential dwelling unit in effect at the time of building permit application
- 22. Storm Water Management system installation is required (designed by a professional engineer)
- 23. All inspections required for single detached dwellings are applicable to DGS construction
- 24. An occupancy permit may be issued upon approval of all required inspections and completion of all required documents
